only 28% of the female population smokes. That is adult female population. Two thirds of the population does not smoke and, members of the Unicameral, 70% of people are affected adversely by smoke. A recent poll was conducted of smokers and they indicated by an overwhelming majority, 89% said that if there was a law such as that as encompassed in LB 344, that they would comply if there was a designated area for smokers as well as nonsmokers. Again, colleagues, this is a matter of health. It doesn't have anything to do with courtesy or manners. I commend this bill to you on behalf of the many Nebraskans who are confident that it will enhance and improve the quality of life, yes, in varying degrees more so to those with major health problems than others but to all the citizens here in the State of Nebraska. Thank you.
