LR 36, 43

SENATOR BURROWS: Mr. Chairman and members of the body, I'm proud to introduce this resolution for these two Class D teams, Filley, Nebraska, the champion of Class D, in boys' basketball, and Adams the champion in Class D girls' basketball. I might mention that in spite of the article that was carried in the Sports Section of the Sunday paper, these two communities I'm sure most of the people were cheering each other on to see their adjacent communities as archrivals go to the State Tournament and win it, and my feeling is that these communities both of them are highly supportive of their teams and should be very proud of them, but that they are very happy to see the contenders win in each others classes when they lose out to these contenders. Thank you.

SPEAKER MARVEL: The motion is the adoption of resolution number 36. All those in favor of that motion vote aye. Opposed no. Record. Senator Koch voting aye.

CLERK: 27 ayes, 0 nays, Mr. President on the adoption of the resolution.

SPEAKER MARVEL: The motion is carried. The resolution is adopted. In the heat of debate I neglected to introduce underneath the north balcony Wayne Hendrickson from Friend who is a...or from Kearney who is a friend of Senators Cope and Kahle. This will be recorded in the Journal. Resolution number 43. The Clerk will read.

CLERK: Mr. President, LR 43 was offered by Senator Chambers and Fowler. (Read LR 43.) Mr. President, Senator Chambers moves that LR 43 be referred to the Banking Committee for a public hearing.

SPEAKER MARVEL: The Chair recognizes Senator Chambers.

SENATOR CHAMBERS: Mr. Chairman and members of the Legislature, because this is a complex and very serious issue, I think this should be the opportunity for people from the University or the Investment Council, who may have something they would like to say on this matter. In order that they may have an opportunity to say it into the record, I'm asking that it be sent to the Banking Committee for public hearing. I've talked to the Chairman of the Committee. He is willing to receive the resolution, and has stated that I could sit in as a member of the Committee. Therefore, this motion is to allow a public hearing on this resolution, and I'll tell you that it is a very serious matter. That is the motion.
