LB 589

If they want to have some in-service training and they want to look at their own operations, that is fine. If they want somebody from outside to look at them, then they should do that but to justify that they both have an inside analysis of what they are doing and an outside analysis of what they are doing, I think that is duplicity and extra expense and for that reason I offer this amendment. I hope that it is accepted. Thank you.

SENATOR NICHOL: We are voting on the Newell amendment. All those in favor vote aye, opposed nay. Have you all voted? I believe there are six excused, Senator Newell.

SENATOR NEWELL: If there are only six excused, how many are not voting? Maybe we ought to just have a Call of the House, just to bring people in.

SENATOR NICHOL: Are you asking for a Call of the House?

SENATOR NEWELL: Yes, please.

SENATOR NICHOL: Senator Newell has asked for a Call of the House. All those in favor vote aye, opposed nay.
