mammas drink, daddies drink, grandma, grandpa, babies drink but because it is being done to this extent does not mean it ought to continue to be done. Maybe the horse is already out of the barn and it is too late to close the door but now I am going to do something which I intend as a hurling in the teeth of the Bible believers and prayers, a condemnation. I will read for you from Proverbs, the twenty third chapter, verses twenty-nine through thirty five. "Who hath woe, who hath sorrow, who hath contentions, who hath babbling, who hath wounds without cause, who hath redness of eyes? They that tarry long at the wine, they that go to seek mixed wine. Look not thou upon the wine when it is red, when it giveth his color in the cup, when it moveth itself aright, at the last it biteth like a serpent and stingeth like an adder. Thine eyes shall behold strange women and thine heart shall utter perverse things. Yea, thou shalt be as He that lieth down in the midst of the sea or He that lieth upon the top of a mast. They have stricken me, shalt thou say and I was not sick. They have beaten me and I felt it not. When shall I awake? I will seek it yet again", and I think that is a perfect statement of what the United States of America is and were I a foreign power desiring the destruction and overthrow of this country I would vote for a bill like this and encourage it, narcotize the public. The students are not wise enough to see what is being done to them. On the Berkely and other California campuses where the radicalism had its origin and where it was being maintained they couldn't hire enough policemen to put on every corner and at every point in the campus where the students would congregate so they put the police officer in the student. They allowed the utilization of narcotics. They narcotized that entire generation of college students and what became of the so-called student revolution? It faded. When the Cubans had a revolution there was no drinking of liquor. There was no smoking of pot and as a result there was no degradation of the populous when the revolutionaries overthrew an area or took control over part of the country.
