

April 25, 1979

LB 576, 576A

any power of rule and regulation in order to preclude this sort of thing. If we can't have people in the service of this state who can logically and sensibly accept this kind of a situation and not rotely carry out the duty according to their own rules and regulations, it is time to abolish the department. Senator Warner tells me I cannot. I withdraw that amendment.

SPEAKER MARVEL: Senator Warner.

SENATOR WARNER: Just one additional clarification. I don't know if Senator Murphy pointed out, but it was due to the way rules and regulations were set up and I don't know, Senator Murphy, if you added or not, but they are processing new rules and regulations so this will not, kind of incidence will not, hopefully, occur again and that hearing is on the 21st of May and hopefully that will correct this problem from reoccurring. I think Senator Murphy does point out the importance of sensitivity on the part of all of us when dealing with individuals in local government have a multitude of rules and regulations to comply with in any event but hopefully this particular problem will be corrected and will not occur again.

SPEAKER MARVEL: Is Senator Wesely there? Senator Warner, do you want to advance the bill, 576? The motion is to advance 576 to E & R for engrossment. All those in favor say aye, opposed no. Motion carried. The bill is advanced. 576A.

CLERK: Mr. President, there are no E & R amendments. Senator Warner has an amendment to the bill and that is on page 1641. Would you like me to read it, Senator?

SENATOR WARNER: Mr. President, I move...this is the A bill?

CLERK: Yes, sir.

SENATOR WARNER: Mr. President, I move adoption of the amendment. This changes the A bill to reflect the change in the cash fund name to the Department of Administrative Services what was called the State Capitol restoration fund and then appropriates it as a revolving fund as the body of the bill creates and, incidentally, the adoption of this amendment will have a reduction of \$88,000 on the general fund and that \$88,000 will be replaced with the interest on these funds as they are being accumulated.
