LB 298, 394

of communities and it is necessary, I feel, that these individuals have the ability under law to perform certain functions and make it less restrictive than it was previously. So that is the purpose of this amendment so that EMT-II's could do some heart work and I think the training is adequate and so I would ask that this be returned for this specific amendment. The amendment was brought to us by Rex Higley with the Department of Health.
