LB 16

understood?"

PRESIDENT: All right, it is understood that we are going to vote on LB 16, whether or not to suspend the rules. If the rules are not suspended which it takes the 30 votes, if it does not get the 30 votes to suspend the rules, the bill merely drops to the bottom of General File and will take its place on General File.

SENATOR KELLY: And this motion is for LB 16 only?

PRESIDENT: It is for LB 16. I understood through the dialogue that this is what is going to take place on every bill, but at least that is what it is for LB 16. The only one before the House now is LB 16.

SENATOR KELLY: Thank you.

PRESIDENT: All right. The motion then is to suspend the rules on LB 16. All those in favor vote aye, opposed nay.

SENATOR NEWELL: Mr. President.

PRESIDENT: Yes, Senator Newell.

SENATOR NEWELL: It looks to me like the desire today is not to take up any of these proposals but I would like to give everybody an opportunity to make that determination. So if we could have a Call of the House, we would at least let everybody have that opportunity to determine whether or not we will take up these bills.

PRESIDENT: All right, you are requesting a Call of the House, then in order to get everybody here so we have got enough people. All right. The motion then is to have a Call of the House. All those in favor of a Call of the House vote aye, opposed nay. Clear the Board. Record the vote.

CLERK: 22 ayes, 0 nays, Mr. President.

PRESIDENT: The House is under Call. The Sergeant at Arms, we will require all members to return to their desks, all nonlegislative personnel will leave the floor and all legislators will register their presence. The House is under Call and we are in the midst of taking a vote. While we are waiting, the Chair would like to introduce Mr. Ken Fancolly, Director of the Eastern Nebraska Office on Aging. He is under the South balcony. He lives in Senator Fitzgerald's District and I think he is from Senator Newell's District. So would Ken stand and be recognized. Welcome.
