LB 16

SPEAKER MARVEL: No.

PRESIDENT: No. There was quite a bit of dialogue went on before you came back in here, Senator Lewis.

SPEAKER MARVEL: They go back on General File.

SENATOR NEWELL: But the likelihood is we will not get back to General File?

SPEAKER MARVEL: That is true.

SENATOR NEWELL: So if they don't move, they probably won't move? Senator Kelly, could I ask you a question?

PRESIDENT: Senator Kelly, will you respond? I don't know what he wants.

SENATOR KELLY: Yes, please go ahead, Senator Newell.

SENATOR NEWELL: Senator Kelly, are you intending to try to advance LB 221 today under this procedure?

SENATOR KELLY: Senator Newell, there is a motion on the Clerk's desk on LB 221 that is a reconsideration motion, but according to our rules, must absolutely be disposed of today and it would be my intention that this Legislature should take that reconsideration motion.

PRESIDENT: That has nothing to do with this particular issue right now other than you know what he is going to do.

SENATOR NEWELL: Senator Kelly, what you are saying is that this is not, you do not, under this procedure, you do not intend to try to advance LB 221?

PRESIDENT: Everyone is here now. I think we will proceed with the.....Senator Newell.

SENATOR NEWELL: Mr. President, can I ask the Speaker a question about the reconsideration motion? I would like to offer a reconsideration motion on my bill since there are one or two people (interruption).

PRESIDENT: I really think we should wait until we come to it since we are discussing LB 16. I think, Senator, we will wait until we dispose of LB 16.

SENATOR NEWELL: Aren't we really discussing the procedure
