LB 120A

problem. There's no question about it. I agree with the advertising of the industry, the advertising that told us all November \$350,000 worth of...

PRESIDENT: One minute, Senator Dworak, one minute.

SENATOR DWORAK: ....advertising that said, yes we do have a problem. They didn't tell us what the solution was, and I'm sure had they said that their solution is this litter tax, you'd have seen far different results. In fact, you couldn't pin them down to a solution, because they didn't have a solution, and they still don't have a solution. This is not a novel, new unique idea. This idea has been around this chamber longer than I have. So if this was their solution, then the advertising last November should have been positive and said, this is the solution, but you didn't see it, because they didn't have the guts...they didn't have the courage to come out and tell the people really their solution was more expense and more tax. So I very strongly urge you to indefinitely postpone 120A.

PRESIDENT: The motion before the House is the motion to indefinitely postpone LB 120A. All those in favor vote aye, opposed nay. Have you all voted? Senator Dworak. Call the vote. Record the vote.

CLERK: 11 ayes, 23 nays, Mr. President.

PRESIDENT: The motion fails. The motion now is Senator DeCamp's to advance the bill. Senator DeCamp.

SENATOR DeCAMP: I move it be advanced and I will have that information for you. I think everybody knows when I tell you I'm going to get some additional information, I've pretty generally done her, and I will have a completely different fiscal note. As we all know it has to advance off today in order to be alive, and I wish they'd quit calling all my bills dogs.

PRESIDENT: Senator Cullan, did you wish to speak to the motion to advance?

SENATOR CULLAN: Mr. President, I wonder if I could ask Senator DeCamp a question.

PRESIDENT: Senator DeCamp, I wonder if you would answer the question he would wonder if he could ask.
