LB 363

SPEAKER MARVEL: Okay, and that is from, on page 1 from lines 3 through 14 and then it starts again on page 3, starting with line 12 and goes through the rest of the...

SENATOR KOCH: That is correct and really the basis of it is section 6 when we say, "there is hereby created the Nebraska Technical Community College Council." That is on page 3. That continues on for several pages.

-SPEAKER MARVEL: So it is satisfactory to you if we take that up first?

SENATOR KOCH: Yes, because Senator Cullan, being the gentleman he is, agreed that he wouldn't try to logjam this bill. We would just want to take them on and try to get it over with.

SPEAKER MARVEL: All right, now you need to clear up one other thing. You were responding to the amendments to the committee amendments originally?

SENATOR KOCH: Yes, I was.

SPEAKER MARVEL: Okay, then if I recognize Senator Beutler to respond to the committee amendments, then this will get that explanation out of the way.

SENATOR KOCH: That is fine if Senator Beutler wants that prerogative.

SPEAKER MARVEL: Okay, Senator...

SENATOR KOCH: I would remind you the other day that I didn't get that shot at 158. I ended up way back in the end of the car.

SPEAKER MARVEL: Well all I am trying to do, Senator Koch, is to try to get the pieces together so we can proceed.

SENATOR KOCH: All right.

SPEAKER MARVEL: Senator Nichol.

SENATOR NICHOL: Does that mean that that is all the conversation there is going to be on this amendment?

SPEAKER MARVEL: No.

SENATOR NICHOL: Okay.
