LB 595

SPEAKER MARVEL: The motion before the House is the Kremer-Dworak amendments to LB 595. Senator Dworak.

SENATOR DWORAK: Mr. President, I agree with Senator Kremer we did work long and hard on this and we brought the people from the Natural Resource Commission in and made sure that they were in agreement and they understood the words. It seems kind of strange, I guess that Senator Kremer and I really had the same objective in mind, we got hung up over wording and what different words mean in terminology and once we had the able staff straighten us out on the wording and get themselves straightened out and all parties concerned it was real easy to put together an amendment that was acceptable to everyone concerned. I urge the adoption of this amendment.

SPEAKER MARVEL: Motion is the adoption of the Kremer-Dworak amendments to 595. All those in favor vote aye, those opposed vote no. Have you all voted? Clerk will record the vote.

CLERK: 28 ayes, no nays Mr. President on the adoption of the Dworak-Kremer amendment.

SPEAKER MARVEL: Motion is carried and the amendment is adopted.

CLERK: I have nothing further on the bill Mr. President.

SPEAKER MARVEL: Senator Kremer do you want to advance the bill.

SENATOR KREMER: Mr. Chairman, I move that LB 595 again be advanced.

SPEAKER MARVEL: Motion is the advancement of 595 to E & R for Engrossment. All those in favor say aye, opposed no. Motion carried, the bill is advanced.
