(Read LR 182 as found on pages 187-188 of the Legislative Journal.) Mr. President, that resolution may be found on page 187 of the Legislative Journal.

PRESIDENT: Senator Venditte. Is Senator Venditte here? Oh, there he is.

CLERK: Mr. President, while we are waiting for Senator Venditte, Senator Wagner would like to have his name added as co-introducer to LR 182.

PRESIDENT: The Chair recognizes Senator Venditte on LR 182.

SENATOR VENDITTE: I apologize for the delay, Mr. Speaker. Mr. Speaker and members of the Legislature, I am sure this particular piece of information relative to the resolution that has been brought to you this morning comes as really no new news. I am sure most of you are aware of Coach Cipriano's plight in his battle to overcome the illness that has become him and I thought it would be most appropriate if this Legislature would take the time to at least recognize Coach Cipriano for his efforts over the years here at the University of Nebraska. I believe that at this point in time that Nebraska is one and one in Big 8 play. They have had an outstanding year and I think their future in terms of the Big 8 this year, in terms of an overall national ranking in the country is very good and I think that if we would just simply recognize Coach Cipriano with this resolution, I think it all pretty much is self-explanatory in what we are attempting to do and I think it to be most appropriate if we would just simply tip our hats to Coach Cipriano in his efforts over the years and certainly, I am sure, we all wish him well. I think he is a tough Italian and I think he will come a long way in his battle to overcome this disease. Thank you, Mr. Speaker.

PRESIDENT: The Chair recognizes Senator Carsten.
