

in the past so there is nothing going to change. All we are doing is putting it in law that this is the way the procedure will take place and I would ask that you would first of all accept the amendments to the bill and that you would act favorably on the bill after the acceptance of the amendment. I so move the adoption of the amendments.

SPEAKER MARVEL: The motion is the adoption of the committee amendments to LB 526. Senator Keyes, do you wish to speak? Senator Lamb, your light is on. Do you wish to speak?

SENATOR KEYES: I wish to ask Senator Koch, I'm not quite sure. As it is now the National Guard is paying to the schools, tuition?

SENATOR KOCH: Well, as it is now we forgive half the tuition for a student who enrolls in one of these post-secondary schools and the way it has been in the past, there has been sort of a loose operation going on and the feeling of the community colleges and the University and state colleges and others was that occasionally they were not getting their full amount of money back in terms of what the state was providing as a remission of half the tuition. So what we are trying to do is make certain that these postsecondary schools get their dollars.

SENATOR KEYES: You are not saying that we are going to raise it from 50% to 100% then?

SENATOR KOCH: Oh, no. No, no.

SENATOR KEYES: That is heck, ain't it?

SPEAKER MARVEL: The motion is the adoption of the committee amendments. All those in favor vote aye, opposed no. Are they Koch amendments? Okay, we are adopting the Koch amendments to LB 526. The motion is the adoption of the Koch amendments to LB 526. Have you all voted? Once more, we are voting on the Koch amendments to the bill. Have you all voted? Record the vote. Oh, I'm sorry. Okay. Senator Koch, what is your pleasure?

SENATOR KOCH: Mr. Speaker, I move that the bill be advanced as amended.

SPEAKER MARVEL: No, we've got to wait for another vote. No, Senator Beutler has requested that he be shown as not voting. Is that right, Senator Beutler? Have you all voted?
