absolutely cannot move it. Can we pass over it just like we did...

SPEAKER MARVEL: I think that, unless the Legislature has objections, that what we will start doing today is to set up a Select File pass over category similar to General File and those can bills can move down into that category and then when the introducers are ready they can pull them back up. Now you are talking specifically about 484 as an example?

SENATOR KREMER: No, 284. I used that as an example because the response from the Department of Roads we'll just have to simply pass over it and I wondered what happens to the bill if we pass over it and can we pass over it under your direction?

SPEAKER MARVEL: Well, ...pass over it, unless there is objections from the body we will simply set up a pass over file below Select File as we do pass over file below General File, put the bill there and then when the problems are ironed out then you can let me know and we can bring it back up.

SENATOR KREMER: Thank you, sir.

PRESIDENT: Senator Goodrich, did you wish to ask a question? No. Oh, all right. Did you record that presence?

CLERK: Yes, sir. There is a quorum present.

PRESIDENT: All right, a quorum being present, any corrections to the Journal?

CLERK: I have no corrections, Mr. President.

PRESIDENT: Are there any notices, reports or announcements?
