LB 658

based on knowledge so terrible? Is that the crime? All I am saying is, look, Douglas County has found it helpful to have additional information. Sarpy County, they too... they too have found it helpful. Lancaster County wants at least the option to have this available. I think it is a good idea. From the record let's at least offer Platte County, Columbus, Grand Island, Hastings...let's at least offer them their county officials the option, the option to have a little additional information. Holy mackerel, I didn't realize it was such a terrible thing to make decisions based on knowledge.
