

least to see to it that before a deduction could be made from the payroll for say some contested item, the inmate at least would be entitled to some type of a hearing at which time he could present his side of the story and the others could present their side of the story and then the deduction could be made if the inmate was in the wrong. Is that correct?

SENATOR SCHMIT: I think that is correct.

SENATOR JOHNSON: Thank you very much, Senator Schmit.

SPEAKER MARVEL: Senator Dworak. Okay, the motion is on the adoption of the Schmit amendments as amended. All those in favor vote aye, opposed no. We are voting on the first of three Schmit amendments to LB 319. Have you all voted? Record.

CLERK: 25 ayes, 0 nays on adoption of Senator Schmit's amendment, Mr. President.

SPEAKER MARVEL: The motion is carried. The amendment as amended is adopted. Now we have another amendment.

CLERK: Mr. President, Senator Schmit now moves to amend, this is Request #2037 and it is on page 460 of the Legislative Journal and in addition to that Senator Schmit moves to amend that request number.

SENATOR SCHMIT: Mr. President, members of the Legislature, these amendments were requested by the Crime Victim's Reparations Board. The amendments would do this. First it would allow the board to have access to criminal history records in criminal justice cases and secondly, it would provide that they would not have to make public the records for a victim who is applying for compensation if that person was the victim of a sexual assault and I move for the adoption of the amendments. I will say at this time there is another amendment up there that was requested by the media. I have no objection to that amendment also and it perhaps protects the public's right to know.

SPEAKER MARVEL: Okay, the first amendment is 2037. Senator Johnson.

SENATOR JOHNSON: I have another question of Senator Schmit, Mr. Speaker, if he would yield.

SPEAKER MARVEL: Senator Schmit, do you yield?
