

is not going to drive his old pickup. He and mom are going to be dressed up and they are going to come to town to do some shopping so they are not going to be driving the vehicle that has the studded tires. Again, I say let's let the local county government decide. Out where we come from we have a lot of gravel roads. The studded tires doesn't hurt the gravel roads. If you want your highways tore up, make us place chains on our vehicles and then your highways will be tore up, your blacktop, your interstate and your concrete because your chains do a lot more damage than studded tires do. So I say, I ask for your support...let's let it up...and county option as to whether we have studded tires or not. Thank you, Mr. President.
