status of the amendments? Did Senator Keyes explain one set now?

CLERK: Senator.

SENATOR KEYES: ...okay, we'll set up to have recall for counties and for cities and this accepts the same ones as we accepted last year, so I move for the adoption of them. They are....

SPEAKER MARVEL: Is that the right one?

SENATOR KEYES: These are the committee amendments.

CLERK: Okay. We are discussing the committee amendments. Is that right?

SENATOR KEYES: Yes, we are discussing the committee amendments now, yes.

CLERK: Okay.

SPEAKER MARVEL: The motion... Senator Kahle, shall we proceed to adopt the committee amendments first and then come to you?

SENATOR KAHLE: Well the committee amendments are the bill.

SPEAKER MARVEL: Okay. Senator Keyes, you have moved the adoption of the committee amendments which are the bill so we will vote on your motion to adopt the committee amendments and then turn to Senator Kahle for explanation. Is that all right? Okay. All in favor of adopting...Senator Cope, for what purpose do you arise?

SENATOR COPE: May we speak on that?

SPEAKER MARVEL: Yes, sir.

SENATOR COPE: Mr. President, members, just a question of Senator Keyes. In your explanation I didn't understand how this will work with a city manager form of government. Now would you explain again the procedure if the mayor dies and so forth, what the procedure is?

SENATOR KEYES: I believe that the city management form of government does not come under this. This is just simply for counties and city officials but I don't believe it is for...I don't know a thing about city management.

SENATOR COPE: Well you mentioned the mayor. Didn't you?
