LB 992

SENATOR MARSH: Mr. President, I have a question I would like to pose to Senator Kelly. Senator Kelly, in the introducer's statement of intent it says, finally the bill would allow for unborn adopted persons to receive Nebraska birth certificates. I do not understand what an unborn adopted person is.

SENATOR KELLY: Senator Marsh, that is very understandable because I am sure there ain't no such thing. That is a misprint that should state that nonborn Nebraskan birth certificate. In other words, a person born in Kansas that is adopted can get a Nebraska birth certificate.

SENATOR MARSH: Thank you.

SENATOR KELLY: Thank you.

PRESIDENT: The Chair recognizes Senator Maresh. Senator Maresh.

SENATOR MARESH: Yes, Mr. President, a question of Senator Kelly.

PRESIDENT: Senator Kelly, would you answer.

SENATOR MARESH: Senator Kelly, it seems you are the one that is the most interested in this bill. Why don't you bring back 681 and amend the bill? Then we would know that we could get this passed this year. It seems like that would be the way to go to amend a bill that is that far along and I sure would vote to bring it back.

SENATOR KELLY: Thank you very much, Senator Maresh. That hadn't necessarily entered our mind but it has now.

SENATOR MARESH: Okay.

PRESIDENT: The Chair recognizes Senator Kahle.

SENATOR KAHLE: Call for the question.

PRESIDENT: You were the last speaker so, Senator Newell, do you wish to close?

SENATOR NEWELL: Yes, I would. Senator Nichol, if you could answer a question. Senator Nichol, is your committee going to be meeting to hold a hearing anytime in the near future?

SENATOR NICHOL: Do you mean on the paraphernalia bill?
