PRESIDENT: The Chair recognizes Senator Schmit on the
A bill.

SENATOR SCHMIT: Mr. President, members of the Legislature,
I conferred with Mr. Drain relative to the cost implementa-
tion of this bill.   He estimated it might cost as much as
$150,000.   He assured me they would not use any funds they
did not need to use and that the $150,000 would be an
absolute maximum.   I would move the advancement of the bill.

PRESIDENT: Any further discussion?   If not, the question
is, shall LB 853A be advanced to E & R initial.   All those
in favor vote aye, opposed nay.   Record the vote.

CLERK: 26 ayes, 0 nays, Mr. President.

PRESIDENT: The motion carries and LB 853A is advanced to
E & R initial.   Now the Clerk would like to read some
matters in so proceed to read the matters in.

CLERK: Mr. President, Senator DeCamp would like to print
amendments to LB 346, Senator Stoney offers explanation
of vote and I have a rules report from Senator Fowler
which will be inserted in the Journal.   (See pages 1045-
1050 of the Legislative Journal.)

PRESIDENT: Before we take up this next matter the Chair

here today and I think with the information that we have,
there is nobody here to really discuss the bill so that
I would ask unanimous consent to lay the bill over.

PRESIDENT: Is there any objection?   Senator Schmit.

SENATOR SCHMIT: Mr. President, I would like to ask Senator
Dworak until how long, when he intends to...

PRESIDENT: All right, Senator Dworak.

SENATOR DWORAK: I don't really care, Senator Schmit.
Monday would be fine if Senator Fowler is here.   I have
not checked with his schedule.   I wouldn't even care if
it would be later today, until Senator Fowler got here
but I am sure he will be here next week and I don't really...
I am not trying to lay the bill over indefinitely but I think
