853, 877.

eliminate these things, fine, that is a separate issue. But don't hold yourself out as doing something and, in effect, be committing a fraud upon the public. There is no more cruel thing...no more cruel thing in my opinion than taking an elderly person who is surviving month to month on their Social Security or whatever and then allowing them, allowing them under the blanket of the state to be robbed. It is more cruel in my opinion for the person to do this Medicare..medigap, hustle on some elderly lady than it is for them to just go out on the street, hit her over the head, take her pocketbook and run. At least you know what they are doing there. The way they are doing it this way, is even more cruel. I urge you to advance the bill.
