

SENATOR WARNER: Senator Nichol, at the time the budget request came in, at the two million dollar level, it was our understanding that this administrative cost of \$63,880 would have been funded out of the two million dollar portion. When the amount was reduced I understand that the agency now feels that they need the additional funds over and above the million dollars for administration purposes and that administration does deal with the going out to see, to count the number of grasshoppers per square yard, I believe that is it, as well as the other necessary administrative costs. SENATOR KELLY: Mr. Speaker, members of the Legislature, I would have a question of Senator Dworak regarding the motion by Senator Nichol.

SPEAKER MARVEL: Senator Dworak.

SENATOR KELLY: Senator Dworak, are you supporting this \$63,000 for the grasshopper program offered by Senator Nichol?

SENATOR DWORAK: No, Senator Kelly. I think because it is in an A bill and because we have been, I think, very generous, at
