

March 21, 1980

LB 743

Senator George.

SENATOR HOAGLAND: A roll call vote please.

SPEAKER MARVEL: Okay. We have Senator Carsten and Senator Goodrich are temporarily excused so the rest are here. Shall we proceed with the roll call vote? Clerk, call the roll.

CLERK: Roll call vote taken. (See pages 1389 and 1390, Legislative Journal.) 26 ayes, 16 nays, Mr. President, on the adoption of the amendment.

SPEAKER MARVEL: The motion carried. The amendment is adopted. Now the motion is to readvance the bill. Are there those who wish to speak on the readvancement. Senator Fowler. The motion before the House is the readvancement of the bill. Senator Fowler.

SENATOR FOWLER: Mr. President, I had some questions on exactly what the amendment did. I think Senator Beutler may have some procedural questions and I don't know if you want to take his procedural questions before you take my amendments to get some clarification as to exactly what the amendment did. Do you have a preference? I had questions of Senator Haberman about exactly what the amendment did and Senator Beutler has a procedural question.

SPEAKER MARVEL: Senator Beutler, do you have a question? Your light isn't on. Do you have a question, procedural question?

SENATOR BEUTLER: Yes, Mr. Speaker, I would move that the bill simply be left on Select File and not readvanced at this point in time and I would do that for two reasons. We have several more bills on Final Reading, and in addition to that, I think we need some time to examine this amendment and take a look at it. It does some important things and it has been done very quickly. So I would move that it remain on Select File.

SPEAKER MARVEL: I think the Chair would indicate that you don't make a motion not to advance the bill. When the motion is ready to advance it, you vote against it. Senator Fowler.

SENATOR FOWLER: Senator Haberman, for clarification, is the amendment that is adopted the amendment on page 1345 of the Journal? Is that the amendment? I had questions, Senator Haberman. The language says, "the required certi-
