

March 24, 1980

LB 996, 997

if we can spend so much time arguing and fussing over other bills that are not maybe as important as this, I feel that the least we could do is have a copy of these amendments, and on the Agenda sheet they aren't even listed by numbers ahead of time so we can look them up or even study them. It just says Appropriations bills. I just think we are going a little too fast and I just wanted to inject this to you, Mr. President, that possibly you could put them on the green sheet, we could have looked them over over the weekend for those who wanted to, and I think they should be passed out so we can take a look at them. So I think we are going way too fast on these Appropriations bills. Thank you.

SPEAKER MARVEL: I would have only one comment to make at this stage, and that is that the Appropriations Committee offered to, and the fact of the matter is they held informative discussions on the Appropriations bills. Senator Warner, are you ready for the adoption...are you ready for the adoption of the committee amendments to 996?

SENATOR WARNER: Yes, and again, as I indicated, Mr. President, these merely are technical amendments so the Appropriations bill is consistent with the two enabling legislations going across the board.

SPEAKER MARVEL: All those in favor of the adoption of the committee amendments to 996 vote aye, opposed vote no. Okay, record the vote.

CLERK: 26 ayes, 0 nays on adoption of the committee amendments, Mr. President.

SPEAKER MARVEL: The committee amendments are adopted.

CLERK: I have nothing further on this bill, Mr. President.

SPEAKER MARVEL: All those in favor of advancing 996 to E & R for Engrossment say aye. Opposed no. The motion carried. The bill is advanced. The next bill, 997.

CLERK: Mr. President, there are no E & R amendments to 997. I do have Appropriation Committee amendments offered by Senator Warner.

SPEAKER MARVEL: Senator Warner.

SENATOR WARNER: Mr. President, these are amendments to the Appropriations covering the constitutional officers.
