

Works Committee is available in his office.

Mr. President, the next motion I have is an indefinite postpone motion by Senator Newell.

SPEAKER MARVEL: Okay, Senator Newell.

SENATOR NEWELL: I have a replacement for that which before we try to kill the bill I would like to try to amend it one more time.

SPEAKER MARVEL: Do you want to withdraw that amendment, temporarily, that motion?

SENATOR NEWELL: Yes, I would.

SPEAKER MARVEL: Okay, the Chair would then recognize Senator Schmit.

SENATOR SCHMIT: Mr. President, are there no further motions? Are there no further motions on the bill? I thought that Senator Newell was asking to substitute an amendment. If there are no further motions on the bill, which I am sure there are, okay, then.....is there business before the body Mr. Clerk?

CLERK: I have several amendments pending. Senator Newell, you are withdrawing your kill motion or not?

SENATOR NEWELL: Temporarily and put it on the end of the pile.

CLERK: All right. Mr. President, the next motion I have is from Senator George to indefinitely postpone the bill.

SPEAKER MARVEL: What is the next amendment? All right, Senator George. Is Senator George present?

CLERK: Senator George wants to withdraw, Mr. President.

SPEAKER MARVEL: Okay, what is the next one.

CLERK: Senator Lewis, you want to withdraw yours? Senator Lewis wishes to withdraw his. Senator Beutler has two that he wishes to withdraw.

SPEAKER MARVEL: No objection, so ordered.

CLERK: Senator Newell, you have another amendment. Withdraw. Senator Labeledz, a rules suspension motion. I have a Carsten amendment, Mr. President.
