

January 7, 1981

four years to deserve my unqualified support, and I therefore hope that you will join with me in returning Senator DeCamp to a third term as Chairman of the Committee on Banking, Insurance and Commerce.

PRESIDENT: The Chair recognizes Senator Chambers.

SENATOR CHAMBERS: Mr. Chairman and members of the Legislature, this is one of the crucial races of the session. It may help set a tone for what will be to come. I told you when I put my name in nomination for a different position earlier that I believe in being straightforward and honest or words to that effect. If I had not used those words I will use them now, and I think whenever a struggle is going forth all parties who played a significant role should be made an official part of the struggle. A lot of times an individual may do a lot of work while keeping a very low profile which will not allow the public officially and formally to be aware of what an impact that individual has. The person whose name I will place in nomination has never been formally recognized by this Legislature as being a power. He would be judged in different terms depending on your point of view, but whether you would vote for him or not for this position you will not be able to say that he has not had some impact on this particular race and other things that will come before the Legislature. Therefore, I place in nomination Senator Charles Thone.

PRESIDENT: Are there any further nominations? Do you want to have a few words or remarks? All right, let's start then with Senator Barrett. Would you want to make a few remarks and then we will have Senator DeCamp.

SENATOR BARRETT: Mr. President and ladies and gentlemen, first of all I acknowledge with gratitude Senator Warner's kind nomination remarks, nominating remarks. I think I simply want to say that my entire professional background for nearly 25 years has been banking, commerce and insurance. I sincerely feel that I can be of service to the 87th Legislature and to the citizens of Nebraska if I am allowed to serve in this very important committee post. I would, therefore, solicit your support and your vote. I sincerely feel that I can be a credit to all concerned. Thank you.
