and concede the point that his area might be one of the other popcorn capitals of the world.

PRESIDENT: The Chair recognizes Senator Nichol for his nickel's worth.

SENATOR NICHOL: Mr. Chairman and members of the Legislature, since others are blowing about things in their area, I think I should say something about the dry edible beans but I won't.

PRESIDENT: Thank you. That was merciful for all of us to experience that. The Chair recognizes Senator Rumery.

SENATOR RUMERY: Mr. President, members of the Legislature, may I call attention to the body that popcorn is not very good unless you use plenty of butter.

PRESIDENT: Senator Koch. The Chair recognizes Senator Koch.

SENATOR KOCH: A point of information to the presiding officer.

PRESIDENT: Yes, sir, Senator Koch.

SENATOR KOCH: Will the good Senator from North Bend report this to the Accountability Commission because I really do think it is a form of or in lieu of money and he may be doing a little advertising which should be accounted for.

PRESIDENT: All right. I think he was listening to you. I am not sure. We now have that out of the way. We have had our commercials for the day and will now proceed with agenda item #4, Select File. We are ready for Select File. Senator Kilgarin, are you ready for the Select File. The first bill on Select is LB 141 and there are no E & R amendments I am advised so just move it to E & R.

SENATOR KILGARIN: I move LB 141 to E & R for engrossment.

PRESIDENT: Motion is to advance LB 141 to E & R for engrossment. Is there any discussion? All those in favor signify by saying aye, opposed nay. LB 141 is advanced to E & R for engrossment. It might be well if we listened. Some of these bills might be passed on and you might wonder how they got there if you don't listen. So the next bill is LB 57 on Select File. The Chair recognizes Senator Kilgarin.

SENATOR KILGARIN: I move that LB 57 be moved to E & R for engrossment.

PRESIDENT: There are E & R amendments, I believe, are there not, Mr. Clerk?
