which the Legislature passed last year concerning indiv-
idual Medicare policies. This bill merely includes group
policies now to be in compliance with the 1980 Social
Security Act and I urge the body to advance it. Thank
you, Mr. President.

PRESIDENT: Is there any discussion on LB 329? The Chair
recognizes Senator Vickers.

SENATOR VICKERS: Mr. President, members, I wonder if Senator
Higgins would respond to a question.

SENATOR HIGGINS: If I can.

SENATOR VICKERS: I am sure you can, Senator Higgins. Sena-
tor Higgins, on the, on page 6, line 10 of 329, the word
"nonduplication" is used and I can't find that in any of
the dictionaries that I have got available to me. What
does that mean to you?

SENATOR HIGGINS: I have not got the bill in front of me.
I will have to look it up in the dictionary if you like.

SENATOR VICKERS: It is not even shown in the dictionary
over here on the side so I just wanted to ask you what
"nonduplication" is supposed to mean to you.

SENATOR HIGGINS: Are you saying nonduplication?

SENATOR VICKERS: That is right.

SENATOR HIGGINS: Well if you want to wait until I get the
bill and look it up I will call the bill drafter's office
and ask them about it. That is the only answer I can give
you, Senator Vickers, at this time.

SENATOR VICKERS: Okay, thank you very much. I assume that
nonduplication means it is not supposed to be duplicated.
I am a little bit at a loss to know why it is not printed
that way in the bill but...

SENATOR HIGGINS: Senator Vickers, I understand that it is
part of the model language that they use, the National Associa-
tion of Insurance Agents.

SENATOR VICKERS: It sounds like insurance language to me.

SENATOR HIGGINS: It is, it is. It is just as confusing as
an insurance policy.

SENATOR VICKERS: Okay, but it does mean that it is not
supposed to be duplicated. Is that right?
