year and that damage that is done this year to a lot of
subdivisions will be eased a little bit. So with the
understanding that I and a lot of others have committed
to going this other direction or this variable for the
second or third year on Select File, I urge you to ad-
vance the bill and, Senator Fenger and Senator Beyer, I
would urge you who are concerned about Sarpy County, to
study the picture, to look it over and see, if indeed,
you don't think when you have looked at the whole thing,
that you are in a much better deal this way. I think
there is thirty-three votes for the bill in this form
with the things we are talking about on Select File. I
know that Senator Cal and Senator Warner and Senator
Shirley and I have all talked about maybe some adjustment
on that interest figure, maybe we can reach a compromise
on Select File by that time, 1.2 million or 1.3, the
actual interest rather than the 2 or 2 and a half million.

SENATOR CLARK: You have about one minute left.

SENATOR DeCAMP: If that is the case, that might make it
a little easier. So I urge you to advance the bill at this
time.

SENATOR CLARK: The question before the House is the advance-
ment of LB 284 to E & R. All those in favor vote aye, all
those opposed vote nay.

CLERK: Senator Clark voting aye.

SENATOR CLARK: Have you all voted? Record.

CLERK: 35 ayes, 1 nay, Mr. President, on the motion to
advance the bill.

SENATOR CLARK: The motion passed. The bill is advanced.
284A.

CLERK: Mr. President, 284A was introduced by Senator DeCamp.
(Title read.) I do have an amendment to the bill, Mr. Presi-
dent. Mr. President, Senator Carsten moves to amend the bill.
"Page 2, line 1, strike "70" and insert "71"; line 2 after
"million" insert "$300,000". Strike original Section 4."

SENATOR CLARK: Senator Carsten.

SENATOR CARSTEN: Mr. President and members of the Legislature,
I will ask unanimous consent to withdraw that amendment for
General File and we will look at Select File and see where we
are at.

SENATOR CLARK: It is withdrawn. Senator DeCamp.
