LB 562

and frankly we spend a lot of other money today and my area of the state didn't get any. But the problem that I see right this very minute is that Senator Wesely's proposal to reconsider the last meritorious program sort of broke the trend. I don't know what happened. This body may have come back to the realization that there aint that much money or something. So I'm getting nervous about this amendment, I'm not sure that I got the votes since the . . . you know its just not rolling like it was earlier. So out of fear and desire to not be embarassed I'm going to ask unanimous consent to withdraw this but I think that it is totally unfair that we didn't get our measely \$600,000 when everybody else got so very much. There are those days however and I recognize them. I would ask unanimous consent to withdraw this amendment.

SEPAKER MARVEL: Hearing no objections, so ordered.

CLERK: Mr. President, the next amendment that I have is offered by Senator Warner.

SPEAKER MARVEL: Senator Warner.

Now I don't think that this in any way jeopardizes those who are interested in supporting 245A. But what it will do is permit the state to utilize the fund, the million three fully in the event that 245A does not....is not enacted and it means a million three less pressure on the General Fund otherwise. That is the purpose of the amendment. It doesn't change Senator Kahle's motion to 245A if enacted will be funded from the cigarette tax and it would only come into effect should that portion of the A bill not be funded. Nothing else. That is all that it does. It is not meant to create any problems for anybody on 245A. My concern is solely one that we do not place the General Fund in the position of picking up a million three in the event that that is not necessary. Senator Kahle, I don't think that this creates any problem for you.

SPEAKER MARVEL: The motion is the adoption of the Warner
