LB 527  
LR 91, 92

us so we know where they are. Okay, over at that end. Welcome also to District 9. Chair recognizes Senator Schmit.

SENATOR SCHMIT: Mr. President, members of the Legislature, I want to thank the members for the vote on 375, I'm sorry it took so long. I recognize that the time is late and in deference to the heavy workloads that the Legislature has before it and recognition of the facts that perhaps the committee still might take a look at 527 and advance it to the floor on their own volition, Mr. Chairman, I would ask unanimous.....that the motion, unanimous consent to withdraw the motion to bring LB 527 to the floor at this time.

PRESIDENT: So you are withdrawing the motion on LB 527.

SENATOR SCHMIT: I am.

PRESIDENT: Motion is withdrawn. We are now ready for... yes, go ahead and read some matters in.

CLERK: Mr. President, very quickly, LR 91 calls for a study of handicapped accessibility in connection with 429, Eighty-Seventh Legislature, First Session. That is offered by Senator Fowler.

Mr. President, LR 92 offered by the Administrative Rules committee, the purpose being to undertake a study of the due process procedures provided for in administrative state proceedings, including, but not limited to, those procedures involving adjudication, rulemaking, assessment of fines, professional licensing, denial of social service benefits, and the disciplinary measures used by such agencies.

Finally, Mr. President, I have a proposed rule change offered by Senator Newell. That will be referred to the Rules Committee for their consideration.

PRESIDENT: Before we go on to the next point the Chair takes pleasure in welcoming back to the Legislature former Senator and Mrs. Murphy, Bob and Bess, you are under the north balcony. Bob and Bess would you stand out here and be recognized and welcome back.

Senator Koch, for what purpose do you rise?

SENATOR KOCH: Mr. President, we know that Senator Murphy is here, I'm only going to ask for a roll call vote, a record vote whether or not we really want to welcome him back.
