SPEAKER MARVEL: The bill is declared passed on Final Reading.
Senator Hoagland.

CLERK: Mr. President, with respect to 472, Senator Hoagland
has a motion on 472A, to suspend Rule 5, Section 12, and
withdraw the bill today.

SENATOR HOAGLAND: Mr. Speaker and colleagues, there is no need
for the A bill on this matter in light of the fact that we
passed the risk management bill yesterday. I think we
should go ahead and pass the general authorization bill,
472, but in view of the fact we passed the risk management
bill and the prospects are good that the Governor will
sign that bill, there is no need to pass the A bill, so I
would move to suspend the rules at this time and then move,
simultaneously move to withdraw the A bill.

SPEAKER MARVEL: Okay, the motion is the suspension of the
rules in order to withdraw 472A. Senator DeCamp. Senator
Hoagland, Senator DeCamp has a question. Okay, we have a
motion. What is your pleasure? Senator Carsten.

SENATOR CARSTEN: Mr. President, a question for information
from the Chair. To withdraw a bill, you don't need to
suspend the rules. Can't you do that by unanimous consent?
It has to lay over if you move, right?

SPEAKER MARVEL: Suspending the rules rather than laying the
bill over for a day otherwise 472 can't be considered. Okay,
the motion before the House is the suspension of the rules.
It requires 30 votes. All those in favor vote aye, opposed
vote no. Record the vote.
