

not an attorney. I am not a constitutional scholar and I can't second-guess the Attorney General in terms of the classification. But the purpose here and the reason we have chosen this classification is to make sure that it is a restaurant that is in business primarily as a restaurant and not secondarily as a restaurant but primarily as a restaurant and that is what the 50 percent requirement is all about.

SENATOR CLARK: Senator Hefner.

SENATOR HEFNER: Mr. President and members of the body, I would like to ask Senator Newell a question. Senator Newell, you know as well as I know that these liquor issues are very complex. In fact, our committee has had many of them...many of these liquor bills up for hearings and they are very hard to understand. Would you mind if we would hold this bill a day or two and you would get a copy to each member of this body so that we can all study it, and then see what we think about it?

SENATOR NEWELL: That is not an unreasonable request. I would be willing to do that.

SENATOR HEFNER: Senator Newell, I don't have a copy of the amendment on my desk and I notice it is a couple page amendment. Is that correct? Page and a half.

SENATOR NEWELL: At this point, I would bring it back to Select File and then circulate the amendment and then ask the Speaker to bring it up again after it has been circulated, looked at and analyzed for adoption of this amendment.

SENATOR HEFNER: Fine, Senator Newell, and I concur with that. I think we ought to bring the bill back to Select File and then analyze this amendment and then go from there. Thank you, Mr. Chairman.

SENATOR CLARK: The Chair would concur with the fact that this bill should be brought back, then you can discuss the amendment at that time. The question is the return of 431. All those in favor vote aye, opposed vote nay.

CLERK: Senator Clark voting yes.

SENATOR CLARK: Record the vote.

CLERK: 26 ayes, 0 nays, Mr. President, on the motion to return the bill.
