LB 731, 36A

PRESIDENT: Well, the acting Speaker is in charge of the agenda. Senator Lamb, do you wish to....?

SENATOR LAMB: Reluctantly we will withdraw this from the agenda.

PRESIDENT: Would you indicate whether there is going to be any time that it would come back on the agenda or what you want to do with it on the agenda, Senator Lamb?

SENATOR LAMB: No.

PRESIDENT: There is no....you just...you want to take it off?

SENATOR LAMB: Right.

SENATOR HABERMAN: Beings that it is just going to be taken off and there is no guarantee that it is not going to be brought up....

PRESIDENT: That's what he....

SENATOR HABERMAN:I would object.

PRESIDENT: Senator Lamb, is that what I heard you say?

SENATOR LAMB: Mr. President, and members of the Legislature, we are proposing to take it off the agenda and not put it back on this session.

SENATOR HABERMAN: I remove my objection.

PRESIDENT: All right, thank you. Thank you, everybody. We will now proceed with General File, agenda item #7, LB 36A.

CLERK: Mr. President, 36A was introduced by Senator Schmit. I have a motion from Senator Schmit to indefinitely postpone the bill.

SENATOR SCHMIT: Mr. President and members of the Legislature, LB 36 received only 24 votes to advance last week on Select File. As Senator DeCamp has pointed out, the time is late. There is no point in attempting to bring that bill to life again and I think that we better spend our time on other issues. I would ask that you accommodate me and I am sure you will do so enthusiastically and kill LB 36A. Thank you very much.
