

January 9, 1985

the House is raised. All members should stay here and vote on this chairmanship. The same Teller Committee will act. The same Teller Committee will act to assist us in the balloting, tabulating of ballots. The Clerk will report the result of the balloting.

CLERK: Mr. President, Senator Morehead has received 26 votes, Senator Abboud has received 22 votes, there is abstention.

PRESIDENT: Senator Morehead has been elected Chairman of the Committee on Rules. We will proceed to nomination of that highly important Committee of Enrollment and Review. Nominations are in order. Senator Wesely.

SENATOR WESELY: Thank you, Mr. President, members, I think many of you who have served with me for the last six years know of my interest in the E & R chairmanship. It was a chairmanship I held my first two years and enjoyed very much. I was followed, very ably, by Karen Kilgarin, who was followed very ably by Rod Johnson. As you know the tradition has been for the E & R chairmanship to go to the youngest incoming freshman. I don't know how old that tradition is, but as long as my recent memory carries that has been the tradition. According to the figures we've got at this point the qualifying senator would be Tim Hall. Tim I don't know all that well yet, but his reputation is outstanding and the people that know him very well like him very much. He did serve during the Special Session and I thought did a fine job. I think he'd be a fine E & R Chairman. I nominate him and ask your support for Tim Hall for E & R Chairman.

PRESIDENT: The name of Senator Hall has been placed in nomination. Senator Labeledz, your light is on. Do you wish recognition? Senator Labeledz.

SENATOR LABEDZ: Thank you, Mr. President. Inasmuch as we are about to close all the elections today for chairmanships, and this lady will be left without a chairmanship, I'm just wondering whether or not Senator DeCamp or somebody that knows the rules, why couldn't we give it to the oldest lady in the Legislature? But I stand here and second the motion for Senator Tim Hall. Thank you very much.
