

SENATOR SCHMIT: I wish that in addition to the good policy you have in subsection 4, Senator Landis, there were \$20 million in that subsection committed to the financial institutions of the State of Nebraska outside of Lincoln and I would like to address that the next time I come up to speak. But I am a great person for equity and realizing your deep and sincere interest in agriculture, I learned this morning, driving in, of your chairmanship of the committee on the farm tax valuation and I almost ran off the road. But...

SENATOR LANDIS: That was the weather, I am sure.

SENATOR SCHMIT: Yes, I am sure it was. But anyway, I intend to try to support the resolution. I have told you many times on this floor I have supported many efforts to try to assist the Commonwealth depositors, but I want to... I am very frank with you, I do not want to address the issue piecemeal.

SENATOR LANDIS: I understand. I understand Senator Schmit to be saying that it is his goal to be looking towards support of the resolution. I know that there are other amendments that are probably going to be offered, but with that assurance on Senator Schmit's part I can say that as far as I am concerned subsection 4 is totally in agreement with my interests and I think the interests of the State of Nebraska. I intend to vote for it. Thank you.

SPEAKER NICHOL: Senator Rod Johnson and then Senator Haberman. Senator Haberman.

SENATOR HABERMAN: Mr. President and members of the Legislature...

SPEAKER NICHOL: Senator Haberman.

SENATOR HABERMAN: Yes, I'm...

SPEAKER NICHOL: Pardon me.

SENATOR HABERMAN: Mr. President and members of the Legislature...

SPEAKER NICHOL: Yes.
