

it is to get cattle buyers in and out of our area which is absolutely critical, how difficult it is for any number of businesses to get in and out of our area. So I think this is one of the best resolutions we have had introduced yet this year in terms of addressing a very pressing need and I urge your support. Thank you.

PRESIDENT: Is there further discussion on this resolution? Senator Higgins.

SENATOR HIGGINS: Thank you, Mr. President. I would just like to say as a senator living in Omaha where we do not have the problems that the rural areas have with air service, that I want to wholly support this legislative resolution and show them that my heart is with them as always. Thank you, Mr. President.

PRESIDENT: Thank you, Senator Higgins. The Chair would like to announce that in the event that this vote ends in a tie, that I will support this resolution. All those in favor...is there further discussion? All those in favor of voting for the resolution vote aye, opposed vote nay. Have you all recorded your vote? The Clerk will record.

CLERK: 33 ayes, 0 nays on adoption of the resolution, Mr. President. (Vote appears on page 413 of the Legislative Journal.)

PRESIDENT: Before we proceed to another resolution, the Chair would like to have your attention, please. (Gavel.) The Speaker would like to have your attention now and the Chair recognizes Senator Nichol. Please, may we have order. (Gavel.)

SPEAKER NICHOL: Mr. President, members of the Legislature, I hate to bother you so much in one morning, but we have a problem, an immediate problem and I am speaking now only to the chairmen of the committees and our problem is this. Several of you that have been meeting during the past three days have advanced bills, but the chairmen of the committees have not...chairpersons of the committees, I guess they are all chairmen, have not advanced any of those bills to the Clerk. They have not reported them back to the Clerk. This must be done, of course, before we can start discussing them on the floor. So, chairpersons of the committees, please get those reported to the Clerk today before we adjourn.
