

bill.

PRESIDENT: The Chair recognizes Senator Goodrich.

SENATOR GOODRICH: Mr. President and members of the body, this is an annual bill that we have to go through for a while. There are two types of savings and loans in the State of Nebraska, one of which is a state chartered savings and loan and the other is a federally chartered savings and loan. The federal regulations governing federal chartered savings and loans are changed from time to time by the Federal Home Loan Bank Board and what the powers that a federal chartered savings and loan can do consequently change. So each year we process this bill to let the state chartered savings and loans do the same thing that a federal chartered savings and loan can do. In the near future we won't have to do this because there is only five state chartered savings and loans left in the state, but for at least three or four more years we will have to do it each year. Thank you.
