

County shall be treated like every other county in the state. Douglas County will be treated like every other county in the state and it seems to me that that kind of consistency is important. What happened within the law apparently was that the Department of Public Institutions took license apparently and interpreted this in such a way to mean that Douglas County should pay where no other...none of the other two counties should have to pay for similar patient care and that didn't seem quite fair. Whatever we do with other legislation, I think could apply to this and I think we would have a chance to do that at another time and in another way. But to hold this bill which simply develops equity and fairness seems to me to be unfair and so I would still encourage your support for this legislation at this time and we can consider this again as we consider the other legislation.

PRESIDENT: The motion is to advance...I presume you want to pursue your motion to advance, Senator.

SENATOR LYNCH: Yes, sir, I'm sorry.

PRESIDENT: The motion is to advance LB 82. All those in favor vote aye, opposed vote no. The motion is to advance LB 82 from General File to Enrollment and Review.
