

doing this. Senator Landis says, an attorney, that justice delayed is justice denied. Well is there something wrong with our court system? It was explained to me that deliberate stalling is not allowed. They have cleaned all of this up. They're being more forceful. Whose fault is it if there is a two or three year delay? Whose fault is that? It could be both sides, possibly, it could be the attorneys side. So I don't believe there is the delay there because we have been told by Chief Justice Krivosha that he has put a time limit on cases being heard. He has put a time limit when they are filed on the docket. Once it is on the docket you've got to set a date and all of this mickey mouse of stalling back and forth...so maybe there is something wrong with the courts. The trial attorneys. That also I have to call to the attention of this body that so far, the only people who have spoke in favor of the bill are guess who? The attorneys. So I'll wait and see if some lay people get up and support the bill. Thank you, Mr. President. I support the kill motion.

SPEAKER NICHOL: Senator Beutler, please.

SENATOR BEUTLER: (Response inaudible.)

ASSISTANT CLERK: 15 ayes, 15 nays, Mr. President.

SPEAKER NICHOL: Debate does not cease. Senator Landis.

SENATOR LANDIS: Mr. Speaker, members of the Legislature, I want to make an offer to the body. No one would say that John was the body so...no, maybe somebody would, maybe somebody would. They are locked up, but...let me ask if this body would accept the principle that there should be a
