SENATOR SIECK: Yes, Mr. President, we have a very serious problem here. If agriculture goes down the drain, our country will fail. If we let our land get away, our country will fail. All you need to do is read the history books and you will find that every nation that fell it was because of agriculture, because they lost their resources. I don't care how much we build up our defense, it will not do us any good if we let agriculture fail and that is why I feel that this resolution is very, very important. Thank you.

SPEAKER NICHOL: Senator Warner, he was closing on the resolution. Okay, the question is the adoption of the resolution. All those in favor vote aye, opposed nay. Have you all voted? Record, Mr. Clerk. A record vote has been called for.

CLERK: (Read record vote. See pages 706-7 of the Legislative Journal.) 33 ayes, 2 nays, Mr. President, on adoption of the resolution.

SPEAKER NICHOL: The resolution is adopted.
