

note of and to honor the contributions of Marvin F. Kivett. As most of you are aware, Mr. Kivett has been in the service of the state for 35 years and he has been the Director of the Nebraska State Historical Society for many, many years. I don't know what all you can say about particular individuals, but sometimes I think there are statements that sum up what they have done and what they have accomplished and I think that the American Association of Museums indication to us that our State Historical Society Museum is one of the strongest in the country probably says as much as anything about the kind of work that Mr. Kivett has done. And so on the day after his birthday, 78th birthday, it is my privilege to ask you, Mr. Speaker and members of the Legislature, to adopt this particular resolution. And in closing I would like to simply introduce you to Mr. Kivett and to his wife, Carolyn, who are seated under the south balcony and I wish they would stand and be recognized and we welcome you to the Legislature. (Applause.)

SPEAKER NICHOL: Senator Cal Carsten.

SENATOR CARSTEN: Mr. President and members of the Legislature, I would rise this morning to endorse all of those nice things that Senator Beutler has said about Mr. Kivett. I want you to know in case you don't that he is of Cass County stock and you can't find any better than that in Nebraska. He has been certainly a dedicated man and in his quiet, unassuming manner has done tremendous things for the history of Nebraska and a subject that, in my opinion, we long, long overlooked, but he has done a marvelous job of restoring it and will be available to future generations of what has happened over a period of years to Nebraska. I urge you to join in recognizing Mr. Kivett and also his wife for their long dedicated service to the history of Nebraska. Thank you very much, Mr. President.

SPEAKER NICHOL: The question is the adoption of the resolution. Senator Beutler, did you wish to close? The question is the adoption of the resolution. All those in favor vote aye, opposed nay. Have you all voted? Record, Mr. Clerk.

CLERK: 28 ayes, 1 nay, Mr. President, on adoption of the resolution. (See page 904 of the Legislative Journal.)

SPEAKER NICHOL: The resolution is adopted. Thank you. We
