

SENATOR SIECK: It is an honor for me to recognize the McCool Mustangs for their outstanding win with 24-0 game throughout the season, but this is a team that had some difficulty back in the '60s. They were just the underdog constantly and it makes me really proud that they are now up there in the winning streak and I think we should really recognize them. Thank you.

PRESIDENT: Senator Carsten.

SENATOR CARSTEN: Mr. President and members of the Legislature, I think I'm going to have to vote against this one for sure because they beat Elmwood and Elmwood had an outstanding season, a good bunch of boys that had to win their conference twice because they had to beat Sterling twice to do that and then met them in the state tournament. Thank you.

PRESIDENT: Thank you, Senator. Is there further...Senator Sieck, do you want to retaliate here?

SENATOR SIECK: I want to retaliate, but not really because I had a lot of schools that lost also, Seward, York, Henderson, they were all in the winnings, but they didn't win, but I'm pleased, I just got one and I am doubly pleased that we won from Elmwood. Thank you.

PRESIDENT: Thank you, Senator. Is there any further discussion? If not, all those in favor of the resolution vote aye, opposed vote no. Have you all voted on LR 72? Please record your vote. Record the vote.

CLERK: 30 ayes, 0 nays, Mr. President, on adoption of LR 72.

PRESIDENT: The resolution is adopted. Next is LR 73 offered by Senator Wesely.

CLERK: Mr. President, 73 offered by Senator Wesely congratulates the University of Nebraska Big Eight Women's Swimming and Diving team for winning the championship this year.

PRESIDENT: Senator Wesely.
