

SENATOR LABEDZ: ...a family goes on a picnic in a van, or goes on a vacation, they have two or three children in the back of the van. They are not tied to their seats. They are not protected in any way. Why are they different than the one riding in the front seat of a passenger car? I would think that seat belts in the back of a van are certainly a lot more important than a seat belt in the front seat of a car where two grown-ups should know better that they should have a seat belt on. I admit I don't wear one, I'm wrong, I should wear one all the time, not just part of the time. But that is my decision. It should not be the decision of 25 senators in this Legislature. Thank you.

SPEAKER NICHOL: Senator Morehead, Senator Haberman.

SENATOR HABERMAN: I'll wait to close.

SPEAKER NICHOL: Okay. Senator Chronister.

SENATOR CHRONISTER: I would call the question.

SPEAKER NICHOL: Okay. I have some lights on, but I think they are through. The question is, shall debate cease? Do I see five hands? I do. All those in favor of ceasing debate vote aye, opposed nay. We are voting on ceasing debate. If you wish to vote, please do so. Please vote, if you care to do so. We are voting on ceasing debate. Ladies and gentlemen, I need a little help. We are trying to cease debate and we can't seem to get there. Thank you. Record, Mr. Clerk.

CLERK: 25 ayes, 0 nays to cease debate.

SPEAKER NICHOL: Debate has ceased. Senator Haberman, did you wish to close, please, on your motion?

SENATOR HABERMAN: Mr. President, members of the body, in answer to Senator Remmers, children fly all around the bus, they are just thrown all around the bus. All of the bars on the bus in front of them are not padded. So I will close by saying this, let's suppose that some harmless, nonaddictive drug were discovered that would affect us in all kinds of good ways. One tablet before driving would sober the driver, arouse the sleeping driver, heighten our reactions to traffic hazards, improve our eyesight and enhance our
