LB 97, 208
LR 16

in another year how much they are really going to lose, but when you have a small distributor and you deliver out to the farms, you have a lot of spillage all along the way, and if you have upright storage, you have a lot of loss from condensation. So we just feel that...we just want you to know that we are giving, that is what I am trying to tell you. So I am going to support the bill because it is a compromise and many of the operators maybe are getting larger and they will be able to go underground and in the long run maybe come all right out of this thing. So with this, I will support the bill.

SENATOR LAMB: The Chair recognizes Senator Withem to close on LB 208.

SENATOR WITHEM: Mr. President, I move we advance the bill.

SENATOR LAMB: The motion is to advance LB 208. Those in support vote aye, those opposed vote no. Voting yes, Mr. Clerk.

CLERK: Senator Lamb voting yes.

SENATOR LAMB: Have you all voted? Record, Mr. Clerk.

CLERK: 33 ayes, 0 nays on the motion to advance LB 208, Mr. President.

SENATOR LAMB: LB 208 is advanced. The Chair recognizes Senator Wesely for a point of personal privilege.

SENATOR WESELY: Thank you. Mr. President, members, there will be a tour of Morrill Hall that will take place over the noon hour if you are interested in coming. There will be a bus at the west door, a blue van, which is Abe Lincoln, and you are all welcome to attend. We will be meeting there as soon as we get done adjourning so please meet us out there at the west door at the blue van to go to Morrill Hall if you are interested.

SENATOR LAMB: Thank you, Senator Wesely. Are there items to read into the record, Mr. Clerk?

CLERK: Mr. President, I have a motion from Senator DeCamp to raise LR 16 notwithstanding the action of the committee; Senator Schmit would like to print amendments to LB 97,
