

far before anyone even came in for the vote.

SPEAKER NICHOL: Okay. Senator Higgins, your light came on.

SENATOR HIGGINS: Mr. Chairman, I had my light on earlier today, and I was never recognized, and I did not raise any objections. I think, had it been for this purpose, I would have raised the objection before you ever got to the roll call.

SPEAKER NICHOL: Okay...

SENATOR HIGGINS: I can also object because I never heard anybody call for a record vote the first time, but I didn't.

SPEAKER NICHOL: At the time Senator Hoagland withdrew his motion to suspend the rules to take a vote, a motion was made to take the vote, and it was debatable at that time. At that time I asked each of you if you wished to discuss it further. You all agreed that you did not. That was the time at which, if you wished to make an issue of it, you should have raised your hand and visited about it. Do you have anything else on the bill, Mr. Clerk?

CLERK: I have nothing further, Mr. President.

SPEAKER NICHOL: Okay. Senator Lynch, would you like to step to your microphone and say something to us about adjourning until nine o'clock tomorrow morning.

SENATOR LYNCH: Mr. President, members of the Legislature, I move we adjourn until nine o'clock tomorrow morning.

SPEAKER NICHOL: You've heard the motion. All in favor say aye. Opposed nay. We are adjourned.
