

SENATOR HIGGINS: Would Senator Conway yield to a question, please?

SENATOR BEUTLER: Senator Conway.

SENATOR HIGGINS: Senator Conway, is this amendment saying, proof of financial responsibility may be evidenced by a copy of proof of financial responsibility filed by...pursuant to Section 60-528? Instead of proof of financial responsibility in that amendment, would you mean a certificate of insurance, a renewal copy of insurance, an insurance policy? What exactly does that committee amendment mean when it says, proof of financial responsibility may be evidenced by a copy of proof of financial responsibility filed by pursuant to Section...blah, blah, blah, bearing the seal of the Department of Motor Vehicles or by a certificate of insurance?

SENATOR CONWAY: Senator Higgins, I guess what I would like to do rather than use up your time on the floor, is I would like to, I have offered to speak to this amendment since this is the portion that I was primarily concerned with and did bring these amendments to the committee to enact against the green copy...

SENATOR HIGGINS: Yes.

SENATOR CONWAY: ...and I guess I would like to walk the whole body through that process rather than maybe take a question at a time. So if you would yield and come back on the floor later with a question and give me the full time that I would get, I will explain the whole thing.

SENATOR HIGGINS: How much time do I have left, Senator Beutler, or Mr. Chairman?

SENATOR BEUTLER: You have three and a half minutes remaining, Senator Higgins.

SENATOR HIGGINS: May I yield that to Senator Conway when he goes through the walk or yield it now, whichever?

SENATOR BEUTLER: Senator Conway, do you wish to exercise that prerogative?
