LB 662

announcement. We did print the agenda for tomorrow. (Gavel.) May I have your attention, please. We did print the agenda, quite some time ago, for tomorrow. At the end of Final Reading you will find printed in, in the morning, 662. So you are not going to avoid the situation. What I'm saying is at the end of Final Reading tomorrow the end bill will be 662, so we'll be back on it at the end of Final Reading tomorrow. I think we ought to get this accomplished one way or the other and get on with the show, because next Tuesday, the 23rd, we go on to appropriation bills. Of course, then...or I should say revenue bills. Then on the 29th we go to appropriation bills. So we must get some of these knotty problems taken care of. I do appreciate your fine attention today.
