LB 117, 132, 132A, 359, 407, 407A, 662

probably take up Final Reading Monday, at which time Senator Morehead's famous, what is that bill about? The seat belt bill will be in the group. Thursday we will also have Final Reading at which time 662 will be up again. You probably would like to know that since some have been asking. Other than that, we have, I believe, the agendas are printed and out and also a resume as to what we are going to be doing next week, generally, can be looked at in my office if you care. So, Mr. Clerk, do you have anything further to read in?

CLERK: Mr. President, the bills read on Final Reading, this morning, have been sent to the Governor. (Re: LB 117, 132, 132A, 359, 407 and 407A.)

Senator Withem would like to print amendments to 662. (See page 1532 of the Legislative Journal.)

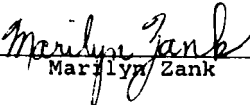

I have a report of registered lobbyists for the week of April 4 through April 11. That is all that I have.

SPEAKER NICHOL: Okay. I do appreciate your cooperation again through the week. It was a tough one. You handled some tough legislation. I really appreciate it. Senator Carson Rogers, you haven't said much this week. Would you like to say something about meeting Monday morning at nine o'clock.

SENATOR ROGERS: I make a motion that we adjourn until Monday morning, 9:00 a.m.

SPEAKER NICHOL: You've heard the motion. All in favor say aye. Opposed nay. We are adjourned.
