

as well. Thank you, and I'd ask your support for advancement.

SPEAKER NICHOL: The question is the advancement of the bill. All those in favor vote aye, opposed nay. Record, Mr. Clerk, please. A roll call vote has been asked for.

CLERK: (Roll call vote taken as found on page 1581 of the Legislative Journal.) 30 ayes, 11 nays on the motion to advance 432, Mr. President.

SPEAKER NICHOL: The bill advances. LB 432A.

CLERK: (Title read.)

SPEAKER NICHOL: Senator Wesely.

SENATOR WESELY: Thank you. Mr. Speaker, I know it is confusing to see, if you look at the A bill, it comes out of the school expense cash fund, but the way they handle these retirement funds they are all funneled into that and then funneled back out to cover the expenses of administering the different retirement plans, so as all of the retirement plans, this is self-administered so the money comes out of the retirement fund itself. I'd ask for advancement of the bill.

SPEAKER NICHOL: Senator Haberman.

SENATOR HABERMAN: Mr. President, members of the body, may I have a question of Senator Wesely, please.

SPEAKER NICHOL: Would you respond, Senator Wesely, please.

SENATOR HABERMAN: Senator Wesely, this A bill compared to the fiscal note, as you know, don't match. The A bill says \$34,000 and then in '86 it says \$10,000 and what was your explanation as to why there was a difference?

SENATOR WESELY: The fiscal office came to me and we talked about it and they felt that, when we asked about what figure to put in the A bill, and they said that the \$70,000 seemed terribly high in comparison to other cost administering programs and so they felt that it was really fluff, it was higher than it needed to be.
